

# Villain

[Villain](#) is the term used to refer to the [hero](#)'s opponents in a poker story /discussion/ [hand history](#). An example would be "[Hero](#) was in the SB and raised 3bb preflop with AA. The [villain](#) in the [big blind](#) 3bet to 9bb and [hero](#) 4bet to 20bb. [Villain](#) shoved and showed KK at [showdown](#) after the [hero](#) snap called the [villain](#)'s [shove](#)."
